

Secure Cloud Computing

Know that your documents are secure, available and easy to retrieve

Archive Studio - Document Management Cloud Computing

Subscription-based managed document services offer the data center infrastructure and amenities to support your mission-critical requirements.

Benefits include:

- Instant and secure document access from anywhere, at anytime
- 100% browser based application, requiring minimal IT support
- Ramp up time in days rather than months
- Fractional expense sharing of cloud computing
- Greatly reduced records management costs
- Audit trail of all account transactions
- Elimination of lost and misfiled documents
- SAS 70 Compliance fulfillment with Legal and privacy requirements
- Reduced transportation costs for delivery and distribution of documents

Facility includes:

- Telecommunication grade construction
- 24/7/365 Security monitored data room
- Backup power generation
- Air quality redundancy
- Multiple fiber providers

The bottom line is...Less Stress, More Peace of Mind!
